Developing Resident Patient Safety Leaders: Going Beyond Checking the Box

Tuesday, January 28, 2020 ~ 1:00-2:00 p.m. Eastern

Resident patient safety practices persist for years after graduation, supporting the need for a robust curriculum. The ACGME Common Program Requirements require residents to participate in real or simulated interprofessional patient safety activities, such as Root Cause Analyses (RCA), despite most institutions having less RCAs than the number of trainees. This webinar will describe how one institution developed a large multidisciplinary interprofessional simulated RCA course that resulted in course participants becoming more knowledgeable and confident in their ability to lead an RCA.

Objectives:

At the conclusion of the session, learners should be able to:

- Describe the importance of physician involvement in patient safety and quality improvement;
- List methods for incorporating quality improvement and patient safety processes and principles into graduate medical education;
- Outline methods for successful development of an interprofessional simulated Root Cause Analysis course
- List strategies to maximize involvement and participation in GME-sponsored educational activities; and,
- Summarize the key components of a Root Cause Analysis (RCA) that can lead to systems changes and stronger corrective action plans.

Speakers:

LtCol Renée Matos, MD, MPH, graduated with Honors from Princeton University with a degree in environmental engineering. She attended the University of California, San Francisco School of Medicine and completed a residency in Pediatrics at the San Antonio Uniformed Services Health Education Consortium (SAUSHEC). Dr. Matos completed a fellowship in pediatric critical care at Children's Hospital of Pittsburgh while she simultaneously obtained a Master's degree in Public Health from the University of Pittsburgh. She is currently the Assistant Dean of Quality Improvement and Patient Safety at SAUSHEC, the Department of Defense's second largest GME institution with 600 trainees across 37 GME programs.

Moderator:

Anne Hartford, MBA is the GME Administrative Director and DIO at Loyola University Medical Center in Maywood, Illinois and Loyola Medicine – MacNeal Hospital in Berwyn, IL. She also serves as Chair of AHME's Council of Institutional Leaders (COIL).

Register online now at www.ahme.org

AHME Members: Only \$80 by January 14 -- \$100 after 01/14/20

Non-Members: Only \$120 by January 14 -- \$140 after 01/14/20

* Session fee includes one phone line, one device for unlimited listeners.

Cancellation Policy: Cancellations made up to 3 business days before the webinar date are subject to a 25% service fee. Registrants who do not participate in the session, and those who do not cancel before 3 business days before the webinar date are liable for the full fee. Only written requests for cancellation will be accepted. Cancellations must be made by fax at 724-864-6153 or by email (tricia@ahme.org).
