

ACGME Milestones 2.0 – The Next Generation

Tuesday, August 1, 2017 ~ 1:00-2:00 p.m. Eastern

After more than three years of utilizing the Milestones for all specialties, the ACGME has conducted a deep dive into the data they've received from every program in every specialty with ACGME accreditation. Join us to hear from Laura Edgar, Executive Director of Milestones Development, about all that they've learned as they drive towards their goals of improving the quality of curricula and assessment. Hear about their ongoing research into how the Milestones are being used, their effect on residents and fellows and how they will improve graduate medical education – and the exciting launch of the next generation of Milestones – featuring potential harmonized Milestones for 4 of the 6 competencies across all specialties.

Objectives:

At the end of this session, the learner should be able to:

- Describe what ACGME is learning about Milestones reporting that may help DIOs and other institutional leaders support Program Directors
- Compare common and unique changes in how specialties are evolving their Milestones and assessment tools
- Compare the process for Milestones 2.0 to the original

Speakers:

Laura Edgar, EdD, CAE is the Executive Director of Milestones Development and the Executive Director of the ACGME Review Committee for Medical Genetics and Genomics. Dr. Edgar works with multiple specialties (hospital-based, medical and surgical) to aid in the development and implementation of the Milestones. Dr. Edgar earned her doctorate in Organizational Leadership after obtaining a degree in Medical Laboratory Sciences and a Master's Degree in Business Administration. After working in the clinical laboratory for ten years, Dr. Edgar managed educational programs and directed certification and accreditation programs for various domestic and international medical and scientific organizations.

Moderator:

Carrie Eckart, MBA is the Assistant Vice President of GME Accreditation for all of HCA's GME programs across the country and serves as Chair of AHME's Council of Institutional Leaders (COIL). Carrie worked in GME for 29 years prior to joining HCA in September 2016 and is past president of AHME. She serves on the AHME Board of Directors in addition to running the AHME Academy and serving on the ALPD (Program Planning) Committee.
