

Preparing GME Leaders and Learners to Eliminate Health Care Disparities Tuesday, June 5, 2018 ~ 1:00-2:00 p.m. Eastern

In response to the results of a survey distributed by AHME's Council on Professional and Faculty Development, this webinar will address the important topic of health care disparities. Dr. Baretta Casey, ACGME Regional Vice President, CLER Site Visit Program, will describe the development of this area of attention within CLER, and two leaders in AHME member institutions will share initiatives of their organizations. Join us to identify next steps toward preparing leaders and learners to eliminate disparities in your institutional learning environment.

Objectives:

At the conclusion of the session, learners should be able to:

- Define "health care disparities" from the perspective of the ACGME;
- Describe how health care disparities became an area of attention within GME, and the intent of designating health care disparities as a component of the CLER focus area of Health Care Quality;
- Identify resources for benchmarking, selecting goals, developing strategies, or identifying local health care disparities and contributing systemic factors;
- Identify at least one strategy or next step the learner will implement toward identifying or addressing health care disparities in his/her institutional learning environment; and,
- Define health care disparities in the context of the learner's patient population and articulate the process of setting measurable goals to minimize or eliminate disparities.

Speakers:

Baretta R. Casey, MD, MPH is the ACGME Regional Vice President, CLER Site Visit Program. She has served on the Boards of the ACGME and NRMP and on the AMA Council of Medical Education. At the University of Kentucky, she served as a Family Medicine Residency Program Director and Director for the Center for Excellence in Rural Health. Dr. Casey received the Distinguished Service Award from the Kentucky Medical Association.

John (Jack) O'Handley, MD is the Medical Director of Community Outreach at the Mount Carmel Health System in Columbus, Ohio, where he precepts residents and medical students on the Outreach Mobile Clinic and works with the Mount Carmel Street Medicine Program. Dr. O'Handley was honored as the 2017 Family Medicine Educator of the Year by the Ohio Academy of Family Physicians and received the 2015 Distinguished Educator Award from The Ohio State University College of Medicine.

Wilhelmine Wiese-Rometsch, MD, FACP is the Founding Program Director & Professor of Clinical Medicine at Florida State University Internal Medicine Residency Program at Sarasota Memorial Hospital, where the program earned the "2018 Sarasota Unity Award for Healthcare." She previously served as the Internal Medicine Residency Program Director for the Detroit Medical Center (DMC)/Wayne State University (WSU), Assistant Dean for GME at WSU, and Designated Institutional Official and Corporate Vice-President of Academic Affairs at DMC.

Moderator:

Robert Armstrong Martin, MBA, CHCP, CPHIMS is the Director of Continuing Medical Education at NYU Winthrop Hospital and the Assistant Dean, Clinical Campus of Stony Brook University School of Medicine. Mr. Martin is the Chair-Elect of AHME's Council on Professional and Faculty Development.
